## **BEST PRACTICE -I**

### **ENHANCING ICT SKILLS FOR TEACHING AND LEARNING**

#### **Objectives**

- ❖ To enhance the communication skills through Digital language lab
- ❖ Information Communication Technology in education has the potential to transform teaching
- ❖ Student motivation for the use of ICTs for up gradation of their knowledge
- ❖ To train the students for appropriate behaviour in the cyber space.

#### **Context**

New technologies have the potential to upkeep education in 21<sup>st</sup> Century. The opportunities for efficient student- teacher communication in this ways were not possible before. The practice of paper and pen is being replaced with the key pad and monitor. Now-a-days Computer literacy ICT skills have assumed great importance. Due to ICTs importance in society as well as in the future of education, identifying the possible challenges to integrating these technologies in College would be an important step in improving the quality of teaching and learning.

#### **Practice**

Considering the different background of the students and their problems, an attempt is made to identify the students who are in need of learning computer and certificate course of basic computers is conducted for them, making them familiar with computers.

#### **Evidence of Success:**

The students are familiar with the use of computer and Improvement their communication skills, develops confidence & self-esteem.

#### **Problem Encounter:**

Students from vernacular medium find it difficult in understanding the terminology. Lack of basic technical knowledge affects confidence levels.

#### **Resources:**

Computers, Software, Internet (Wi-Fi), Resource Person
