**DATE - 05.12.2022**

A seminar was held on 5.12.2022 under the chairmanship of Principal Prof.Arun Kumar Parhi on the topic “**Samajam Prati Shakuntala Natakasya Digdarshanam**”.

In this context Prof. Dr. Surendra Prasad Mandal (Resource Person) delivered his talk on vision of Shakuntalam towards the society in a lucid and logistic manner. In particular he told woman in today’s world is derailed from avowed devotion to her husband, as a result of which the society has been infected in several aspects. On the contrary Shakuntala the brain child of Kalidasa of yore has been far reaching in its appeal and impact. An ordinary creeper is transformed into condensed divinity. Presence of the divine is felt in all the beings.

The matter of regret is that deep regards and devotion to sages, saints and elders and also preceptors are rapidly vanishing from today’s man and woman. This was the gist of his inspiring words.

Prof. Barik and Prof. Satapathy ventilated their message in a lucid manner which was remarkable for the session.
